Hardware

We start with
a high speed
Lap Top
Computer.

We add a
scanner for your
signed contracts.

A Battery Powered
Wireless Printer allows
you to print at all
times anywhere.

A headset makes typing
a breeze as the system
uses your voice to
type – that's right -
You Talk, It Types!

Software

Faxing is simple and
E-mail based
– built for the scanner.

Dragon
allows
for voice control and typing.

You will not
get lost
with MS
streets – directions whenever!

MS Office allows
all your contact
management
and voice typing support built in.

Verison has the
largest wireless
High-Speed
Internet –
built in (everywhere).

Kaspersky
and Acronis
provide you
security and
assurance
from viruses, worms
and DVD backup of all data!!

Support

NETvrything
EVERYTHING SUPPORT
NETvrything is the ONLY support
provider to provide the 'everything'
support agreement. Everything
support is just that **EVERYTHING**.

**For one low cost you
receive;**

1. **24/7 Support and Service** on Hardware and Software,
2. Software and Hardware upgrades,
3. **On-site 2 Hour Response** in the Pierce County Area (soon to include King, Thurston),
4. **On-site 2-Hour Swap-out** of ALL hardware. We bring in a whole new bag (replaces EVERYTHING),
5. Full coverage of ALL installed software, (Virus, MALware and SPAMware removal at NO additional charge EVER!)
6. Remote Maintenance and Remote Control. We can fix 95% of all problems while on the phone with you by taking over your computer via the Internet, (remember Internet EVERYWHERE),
7. All Hardware Components,
8. On-going training and Application Help Desk,
9. World Class Engineering and Integration of Applications,
10. Contact Management and Lead Population Assistance.
